Dear Students,

This morning, we learned that one of our women athletes has tested positive for COVID-19. In consultation with our medical director, we are requiring her entire team to quarantine for 14 days and are currently contact tracing. Students and staff who we know were in close contact with the student who tested positive will be contacted and will be given instructions on next steps. Students who choose to quarantine in dorms will be provided with support from our COVID-Quarantine team.

Best,  
Joe
